

2009 LOOMIS LECTURE AND PLANT BIOLOGY MINI-SYMPOSIUM

Plant-Insect interactions

DR. EDWARD FARMER
University of Lausanne, Switzerland

LOOMIS LECTURE

7:00 PM
Monday, April 27, 2009
Sun Room
Memorial Union, Ames

Jasmonate signaling and the origins of herbivory

IPB MINI-SYMPOSIUM

Sun Room, Memorial Union, Tuesday, April 28, 2009

- 1 PM **DR. WILHELM BOLAND**
Max Planck Institute for Chemical Ecology, Germany
Plant Oxylipins in the Insect Gut; Collision of Hormonal Systems?
- 2 PM **DR. EDWARD FARMER**
University of Lausanne, Switzerland
Rapid events leading to jasmonate synthesis and signaling
- 3 PM Break
- 3³⁰ PM **DR. LINDA WALLING**
University of California, Riverside
Under attack: Role of induced and suppressed defenses in resistance to insects
- 4³⁰ PM **DR. JOHN PICKETT**
Rothamsted Research, United Kingdom
Insect-plant-plant interactions for agricultural exploitation
