

IOWA STATE UNIVERSITY

Loomis Distinguished Lecture And Plant Biology Mini-Symposium

Perspectives in Plant Biology

Date: 10:00a.m. Friday, April 25th, 2014. Free Registration and Lunch

Location: Pioneer Room, Iowa State University Memorial Union

Loomis Distinguished Lecturer

Dr. Rob Martienssen

Professor and HHMI Investigator
Cold Spring Harbor Laboratory

“Genome reprogramming with histone variants and small RNA”

Website &
Free Registration Here

Dr. Jan Leach

Distinguished Professor
Colorado State University

“Coping with Combined Stresses: Rice, Global Warming, and Bacterial Blight Disease”

Dr. Scott Jackson

Professor
University of Georgia

“Patterns of Genetic Variation in Soybean and Common Bean”

Dr. Robert Schmitz

Assistant Professor
University of Georgia

“Population Epigenomics and Mechanisms of Epigenetic Inheritance”

Dr. Ana Caño-Delgado

Assistant Professor
CRAG – Spain

“Spatial Regulation of Brassinosteroid Signaling in Root Development”

Organizer: Plant Biology Graduate Program
